

Introduction to the services of Komena.Com

Komena.Com is a division of a few companies that has joined forces to make up a powerful team to offer clients a “One Stop Shop” for all their requirements.

Komena.Com is an “Approved Educational Reseller”.

We would like to assist you in the setup of your commercial or educational rollout and join you in becoming your technology partner.

We specialize in a wide range of diverse services in the development and support of computer hardware and software.

Highly skilled consultants are specifically sought to provide specialized skills to meet our large base of blue chip client’s requirements.

Komena.Com provides services to various schools in South Africa.

We are also linked to one of the most successful School Administration Packages as well.

Some of our clients range from the private sector all the way to large companies; we are pleased to being their technology partner and supporting their IT departments.

We not only have clients based in South Africa, but in fact all over the world doing Web Services for them and other functions as needed.

Komena.Com is also a fully fledged ISP offering all the respective internet services such as Web Connection, Web Hosting, Web Development, and much more.

We can also offer full development services. Ie **“Your One Stop Shop”**. If you are looking for any product or service, do not hesitate to give us a call and we will find the right product / service for you.
